

Silver Ion Water Care System

Model _____ Gallons _____

DO NOT turn power on until tub is full

Always run jets for 10 minutes after any chemical addition

Start-Up

- Fill Spa with water
- Insert Silver Ion Cartridge into designated area
- Turn on power
- Test water for alkalinity, pH & Calcium Hardness levels. Adjust if needed.
- Adjust the alkalinity first. Adjust the pH next. Finally, adjust the calcium hardness levels. For proper dosages, follow the directions on the back of the bottles. Hint: 1 oz = 2 tbsp
- Add start-up chlorine _____ tsp

Per Use

- 10 minutes prior to each use, use*:
_____ tsp Chlorine
OR
_____ tbsp Oxidizer

**Rotate between chlorine & oxidizer at every other use.*

Weekly

- Test & adjust alkalinity, pH & calcium hardness, as needed
- Add weekly dose of chlorine _____ tsp

Maintenance

1. Once per month, shut power off and remove & rinse filters
2. Every Four Months:
 - Shut power off first
 - Drain and Clean Spa
 - Replace Silver Ion Cartridge
 - Clean Filters (Refer to Owner's Manual)

Remember, we offer **FREE** water testing!

Calcification:

We live in an area with hard water! Hard water causes calcification on the pumps and if it is not kept under control, it can weaken your jets and will eventually erode your pump(s). The manufacturer's warranty does not cover damage due to calcification. In order to prevent the pricey costs incurred with calcification, please be sure to follow the instructions on testing and maintaining your calcium hardness at an acceptable level.

Trip charge:

A \$30 trip charge for warranty service calls applies to all local areas (\$100 for the shore and Poconos).

ENJOY your tub!

You purchased one of the top selling hot tubs in America, and we know you are going to love it!

PRODUCT & SERVICE INFORMATION

*Relaxing the Delaware
Valley...
One backyard at a time!*

Thank you for your purchase!

We are confident that you are going to enjoy your new hot tub! We want you to know how much we

value you as a customer, and we look forward to the relationship we will build as you remain a satisfied hot tub owner for years to come! Please take a moment to read through this brochure as it goes over important information regarding warranty and service.

Refer your Friends!

Did you know that you can earn \$100 store credit for each buying friend or family member you refer to our company? You can refer AS MANY people as you'd like— the opportunity to earn store credit is endless!

Discount on Water Care:

Because you purchased your tub from us, every time you visit one of our 3 area stores, you will receive a 10% discount on water care— just because we appreciate your business!

Free Water Tests:

We offer FREE water testing at any one of our 3 locations. Our water testing equipment is very effective in helping you to keep your water crystal clear!

Online Store!

We offer almost **all** our in-store products on our website! For most locations, if your order is placed early in the day, you will receive the order the next day- or in 2 days at the latest! We even offer **FREE** UPS ground shipping for orders over \$50.00. Visit our store online at: www.SpringDanceHotTubs.com or if you're not so web-savvy, call 215.491.7446 Option. 1, then 2 to place your order!

Service Information:

You should have the peace of mind that you purchased a quality product that will last you for many years. However, if your tub is ever in need of service, you can rest assured knowing that we have a factory-trained service department to take care of you every step of the way! Call our service line at 215.491.7446 Option 2, then 3 to talk to one of our trained experts!

Your Vinyl Cover & Lifter:

Your cover has a manufacturer's warranty for parts only. The warranty will cover most manufacturer's defects, but does not cover normal wear and tear or issues caused by "acts of nature." Please be sure to keep your straps locked down when the tub is not in use. This will help prevent damage from wind! For your protection, do not use the cover lifter in "high

wind conditions"

(greater than 10 mph)

Your cover lifter has a 1 year warranty on

manufacturer defects of the parts only. This warranty DOES NOT cover damage due to wind. If your lifter bends, snaps or is sheared because of strong winds, this is not covered under the warranty.

Filters:

It is vital that you keep your filters clean. Dirty filters can be the cause of multiple mechanical problems in your tub- including a "FLO" message, less jet pressure, no jet pressure and the surging of the pump(s). If you call us for a service issue that sounds like it might possibly be due to a dirty filter, we will probably ask you to check your filters before we send someone to your home.

If we service your tub and find that the issue was due to a dirty filter, we will have to charge our non-warranty service fee, as dirty filters are not a warranty-issue that the manufacturer honors.
